

G2G-Bubble+

Bubble-up leak detector spray

G2G-BUBBLE+

G2G-Bubble+ (Good To Go) is an easy to use leak detector spray ideal for locating leaks in pipes and equipment. G2G-Bubble+ will not attack or react with metal surfaces and is highly efficient for the detection of ammonia, refrigerant gas, natural gas, and air leaks. It will not freeze at below freezing temperatures.

- **Easy to see bubble-up action**
- **Clings easily to surfaces**
- **Easy to use with minimal clean-up**
- **No residue**
- **1 litre trigger spray bottle**

INSTRUCTIONS: Wear eye and skin protection when applying product to avoid irritation. To locate leaks in pipes and easily accessible areas close trigger spray tip to produce a mist-like spray. For leak detection on the inside of fins and pipes, or in hard to reach areas, open sprayer nozzle to produce a dense, pinpoint stream. The product will produce stable air bubbles where a leak is present. Clean up any remaining G2G-Bubble+ by rinsing with plain water or wiping with a damp cloth.

Irritant

CAUTION: Irritating to skin and eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

After contact with skin, wash immediately with plenty of soap and water.

Wear suitable protective clothing, gloves and eye / face protection.

In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

This material and its container must be disposed of as hazardous waste. Keep out of the reach of children.

Material Safety Data Sheet available for professional user on request.
