

WHIRLPOOL AIR CONDITIONERS PRESENTATION 2019

PORTABLE AIR CONDITIONER

THE NEW PORTABLE RANGE

**More quiet and
powerful
than before!**

NEW SILENT MODE OPTION

With portable units, the compressors, fans and all of the other mechanized parts produce some noise while they cool down your house.

Enjoy the perfect temperature in silence thanks to the new silent mode option

How does it work:

Thanks to a unique operating mode in which evaporator and condenser work both at low fan speed, the product is running very quietly at 49 DBA*. *According to preliminary test data results

THE NEW PORTABLE RANGE

ENJOY PERFECT TEMPERATURE IN SILENCE

The new portable works very quietly, thanks to the new silent mode option
